Head Mounting Plate

We are committed to facilitating our customers. By using a high-precision processed print plate, thereis no need to adjust the angle of the print heads.

Easy Loading Operations

Straight-Line array rollers with 30°opening angle and widened spacing ensure easy loading and unloading. And each push rod and roller is equipped with an independent button.

Anti-Static Brush

A large amount of static electricity will be generated when tearing off the A film. We have equipped anti-static brush to eliminate static electricity, which not only ensures the printing quality but also protects the nozzles.

Touch-Screen Panel

User friendly touch screen panel ensure smooth and convenient operation,enhancing user’ s experience and improving work efficiency.

Ripping the selected parttern

Print the artwork

Cut the printed film

Decorate the object
