High-speed and high-precision format

Personalized Excellence SP1624E

- Customizable with Epson/ Starfire print heads
- Integrated body design
- Optional 1.6m/2.8m paper feeding width
- Optional grooving machine and inline system
- Widely applicable to food and beverages, daily necessities, etc.

Gongping Digital introduces a full range of customizable digital corrugated printers with Starfire/Epson print heads, available with grooving machine and inline system. CMYK printing ensures vivid colors, clear images, and strong adhesion. Singlepass models boost productivity for large-scale production, while scanning models handle small, customized orders, meeting all corrugated packaging printing needs!

Mastering Print Arts, **Crafting Quality** with Precision

Lead the digital printing technology and reconstruct the packaging ecosystem

ITEM	SPECIFICATION
Model	SP1624E
Print Head	Epson I3200 / Starfire SG1024 (Customizable)
Printing Width	792mm (Customizable)
Feeding Width	1600mm (2800mm optional)
Printing Speed	70m/min
Printing Accuracy	360×600dpi / 400×400dpi (Customizable)
Media Thickness	1~15mm (Customizable)
Software	MainTop + GZ control console
System	Win10
Print Media	Yellow cardboard, white cardboard, coated paper
Power	50/60HZ, 380VAC (±10%) 23.5KW
Ink	GZ water based eco ink (dye, pigment optional)
Color Config.	CMYK
Dimension	4196×5070×1914mm (with Paper Feeder)
N.W.	4500kg (with Paper Feeder)
Working Environment	Temp. 18°C~30°C, Humidity: 40%-70%.
Feeding System	Front edge automatic feeding, vacuum adsorption platform, grooving machine
