Triple White Ink Stabilization System

The self-developed triple whilte ink stabilizing system: built-in ink-shaking kit, white ink recirculaiton and mosturizing function, ensures the stablity of white ink performance without sediment.

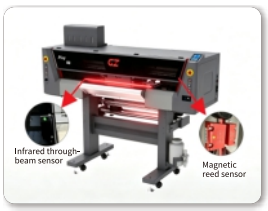

Touchscreen Panel

The innovative touchscreen intergrated specific functions for easy operating and printer maintenance.

Low Power Consumption

Ultra-low Power Consumption Line: 2300W shaker + 600W printer, far less power than mainstream models greatly reduce electricity costs.

Unique Safety Kit

The **OPTIONAL** safety kit not only perfectly matches European safety standard, but also ensures the whilte ink sediment free while printer off.
